## CATERING & DESSERT TABLES

- We can customize majority of desserts to specific flavors and themes (color, flavor, etc)
- We will help you create a table within any budget (minimum \$300)
- Give your guests variety in flavors more than pastry types. Think of chocolate, fruity and nutty flavor profiles to accommodate more taste buds.
- Choose one method: 1. More options with smaller quantity 2. Less options with larger quantity
- Factors to consider when building menu: 1. time of day 2. event type 3. form/informal attire 4. kids ( under 10 do not count as a full head) 5. allergies
- We can help with setup and have serving trays available for rent. There is an extra setup charge (varies based on time and location).
- Natural flowers, candles and chiffon runners can spruce up any table
- Guests tend to eat more bite size desserts than full cakes
- Providing favors for your guests is a great way to say Thank you!
